

“ I just wanted to let you know that the DJ service that we received at our wedding was AWESOME! Tyler did such an excellent job of making the event fun and exciting for everyone. When we had our preliminary meeting with him, we told him that we just wanted him to read the crowd and keep people on the dance floor. He definitely did just that; by the end of the night the tables were completely empty and the dance floor was packed. He did a great job of involving everyone at the reception and not just one particular audience. He was on the dance floor showing people how to dance, he participated in the group dances, and responded well on-the-fly to requests. By the end of

the night, he was just as sweaty as everyone else. My only complaint is that he made the dance so fun that I had a tough time leaving the dance floor which I probably should have as the groom. We got so many comments about how fun the reception was from a large number of guests. I will definitely recommend your service to everyone else. Thanks again! ”

“ “We had such an excellent time at our wedding dance, it was so wonderful and exactly what we wanted. Our DJ was very helpful in planning our dance so everything went smooth. The toys were a big hit with the kids. We had so many compliments during and after the dance we couldn't be happier. We couldn't have asked for a better DJ, thank you so much Powerplay DJ! ”

“ “Thank you so much for doing such a great job with the music at our wedding reception. A tell-tale sign of a good DJ is when he is able to keep people on the floor all night, and you did just that! We appreciate your hard work, and the time you took to meet with us and listen to our ideas, as well as offer some of your own! Our wedding reception was a blast, and we definitely recommend you to all of our friends. Thanks again!”

“ “Powerplay did an incredible job at our wedding. Many of our guests commented that our wedding dance was the best they had ever attended and I attribute that to our DJ. The variety of music, props and enthusiasm of our DJ was fantastic. The dance floor was packed the whole night and our guests begged for more when the dance was over. We had a great time... and have a wonderfully humorous video to prove it! Thank you!”
